"God proves his love for us
in that, while we were still sinners,
Christ died for us."

Romans 5:8

Dear Friend,

As I sit writing this, I am, no doubt like many of you, struggling to keep cool in the midst of a heat wave. Knowing how our climate works it will not be very long before we will be unhappy with how cold the weather is! We are, it seems, rather fickle beings.

However, one thing that uncomfortable weather (be it a heat wave, incessant rain, gales, or blizzards) reminds us is that we are not in control of everything. All too often humanity believes that it can control all aspects of life; that we have all the answers; that we can do whatever we want.

Yet the reality is very different to this belief, and the weather, which we can never escape, proves this to us. The wind blows where it will, and the sun will shine and the rain will fall entirely independently of our designs and desires.

And just as we cannot tame the weather nor other forces of nature, neither can we tame God. We are made in His image, not He in ours. We must remember our place in creation and worship God as Lord of all. In turn, this will help us to remember to give thanks for the fact that our all powerful God also wants to have a relationship with us, and that Jesus died for us to make that possible. What an amazing God we serve!

In His name, Martyn
