MARCH 2014

Dear Friend,

As I prepare these readings for March I am well aware of the fact that our reading from the gospel on the last Thursday of February has a certain resonance with all that has been happening in our country due to the persistently wet and stormy weather.

Despite the main reason for the recent flooding being due to exceptional rainfall, there is also a certain reality to the fact that we have not built our houses securely. All too often housing has been built on areas that are flood plains, and that means that when there is a season of flooding those buildings are inundated with water and property is destroyed.

So it is with our lives. We are given a foundation upon which to build those lives. That foundation is the Word of God. The Word comes to us in many ways - primarily in our Lord Jesus, as well as in the Bible.

When we build our lives upon the Word of God then we can rest assured that we have security even in the roughest storms.

May you continue to build your life on the Word of God as you read your Bible day by day.

In His name, Martyn
